

# HISTORY

*The LOEL Senior Center was started in 1976 by William Holz. With an initial \$100,000.00 bequest, the Lodi Elderly, or LOEL Foundation was born.*

*The first LOEL site was located at the Hotel Lodi on School Street. Its mission was to be a Senior Agency congregate nutrition site. However, this mission quickly blossomed into one of serving the educational, health, and social needs of the senior community. In 1978, the center's programs expanded when Mr. Holz purchased a vacant church on South Washington Street.*

*Today, the LOEL Center continues to grow with the community striving to meet the needs of today's seniors. Our efforts in turn have made Mr. Holz's dream to love and care for the senior community of Lodi a reality.*
